NOVEMBER 4, 2008 PRESIDENTIAL GENERAL ELECTION HOURLY VOTER TURNOUT SAMPLING

Los Angeles County Registrar-Recorder/County Clerk (RR/CC) Dean Logan announced a preliminary hourly voting sample turnout of 48.55% for the November 4, 2008 Presidential General Election from Los Angeles County polling locations as of 2:00 p.m.

A comparative sample turnout for the 2004 Presidential General Election showed 43.62% for the same time period. Samplings from previous year General Elections for the time period ranged from 20.71% in 2002 to 35.69% in 2000.

The RR/CC conducts the hourly sampling of 30 precincts out of 4,394 for use as an unofficial indication of voting activity. Turnout in certain districts or areas of the County can fluctuate, so caution is encouraged in using these figures as a statistical prediction of voter turnout.

Voters can access the RR/CC website www.lavote.net to look up their voting location, view the full sample ballot for their precinct and view voting instructions for the November 4, 2008 Presidential General Election. Voters may also obtain information about their voting location by calling the RR/CC's office at 1-800-815-2666 and using the Interactive Voice Response (IVR) telephone system.

Persons requiring multilingual assistance in Chinese, Japanese, Korean, Spanish, Tagalog/Filipino, or Vietnamese, regarding information in the press release, can call (800) 481-8683.
