NOVEMBER 4, 2008 PRESIDENTIAL GENERAL ELECTION POLLING PLACE CLOSINGS - UPDATE

Los Angeles County Registrar-Recorder/County Clerk (RR/CC) Dean Logan announced 318 of the 4,394 voting precincts have checked into their designated Check-In-Centers throughout Los Angeles County as of 10:10 p.m. This figure is available through the Polling Place Closure report and alerts RR/CC Headquarters to the number of polling places that have closed and their locations, and in route to the RR/CC tally center in Norwalk.

The Polling Place Closure report is a new website function available on the RR/CC website www.lavote.net. Voters can access the report by choosing to the "FOLLOW THE PROGRESS OF POLLING PLACE CLOSURES (AFTER 8:00 PM)" link on the election night main page on www.lavote.net. The report allows voters to follow the pace of polling place closings. This feature also allows voters to view the map corresponding to those precincts that have closed and those outstanding.

Once ballots have arrived into the RR/CC Headquarters, the red boxes are scanned to account for the precinct, the boxes are taken to the ballot inspection room to ensure that they can be machine processed and then tallied. Once tallied, the RR/CC will post update bulletins in 20 to 30 minute intervals on www.lavote.net.
