VOTING RIGHTS

FOR VOTERS WITH SPECIFIC NEEDS

WHAT IS THE LAW ?

Four federal laws are of special importance to disabled and elderly voters who have specific needs.

★ **Voting Rights Act of 1965** – Any voter requiring assistance may receive it from a person of the voter’s choice, other than the voter’s employer or agent of that employer or officer or agent of the voter’s union.

★ **Voting Accessibility for the Elderly and Handicapped Act, 1984** – Promotes the fundamental right to vote by requiring “access for elderly and disabled individuals to registration facilities and polling places in federal elections”.

★ **Americans with Disabilities Act of 1990 (ADA)** – Requires public entities to provide program access, reasonable modification of policy, and auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in and enjoy the benefits of service, program or activity conducted by a public entity.

★ **Help America Vote Act of 2002 (HAVA)** – New federal legislation enabling greater opportunity for access and participation in the election process, including provisions regarding accessible voting technologies in polling places by 2006.

EARLY VOTING OPTIONS

▪ Vote By Mail Ballot

Any registered voter may apply for a vote-by-mail ballot (also called absentee ballot). Sample ballot pamphlets contain an application on the back cover. You may also write to RR/CC, Document Receipt, P.O. Box 30450, Los Angeles, CA 90030-0450 or Fax (562) 462-2354.

If applying via letter, provide your home address and the address where the absentee ballot is to be sent. **It is important that you include your signature.**

Vote-by-mail applications must be submitted for each election and **received** by the RR/CC not later than **7 days prior to the election**. An individual application or letter request is needed for each person requesting a mail ballot for each election.

▪ Permanent Absentee Voting

California State law provides that any voter may apply for permanent absent voter status. Permanent absent voters no longer have to apply for future elections. A ballot is automatically mailed for each election. For additional information or to request

an application for Permanent Absent Voter status, please call (562) 466-1323 or write the RR/CC office: RR/CC. P.O. Box 30450, Los Angeles, CA 90030-0450.

- **Emergency Vote by Mail Ballots**

If in the seven days prior to the election you find you are unable to vote in person on Election Day, you may still request a vote-by mail (absentee) ballot. You must make a written request, signed under penalty of perjury, and deliver it to the RR/CC's office at 12400 Imperial Highway, Norwalk, 90650.

ELECTION DAY SERVICES

- **Accessible Polling Places**

The international symbol of access is used on every sample ballot pamphlet to indicate if a polling place is accessible to voters using wheelchairs. Presently, 95% of L.A. County polls are accessible. If your polling location is not accessible, you may vote your ballot outside the polling place location (see Curbside Voting section) OR at a nearby accessible poll. To find the nearest accessible polling place that has the same ballot as your precinct, call **(562) 466-1310**. You may also use our web site www.lavote.net to find if your polling place is accessible, and if not, an alternate option to vote. You can also report inaccessible polling places by clicking on Accessibility Services and the "Accessible Voting Option."

- **Neighborhood Voting Centers (NVCs)**

Neighborhood Voting Centers (NVCs) are the future for locating polling places in Los Angeles County. NVCs consolidate two to four polling places in a familiar and visible location in the neighborhood, are accessible for voters with specific needs, and have good parking.

- **Assistance in Voting**

Under California law, any voter who needs help in casting a ballot is entitled to request assistance. A pollworker can provide assistance or the voter may select a person of his or her choice.

If you are unable to mark your ballot yourself, you may select up to two people to help you cast your vote. The persons may not be your employer, your employer's agent or your labor union leader or agent.

- **Voters Using Wheelchairs**

Designated wheelchair accessible voting booths are available at every County polling place.

- **Curbside Voting**

Any voter who cannot reach the voting area at the polling place because of architectural barriers or physical limitations may request to vote "curbside" (outside of the polling location). A pollworker will bring a ballot and a voting device to the voter, assist the voter if necessary and place the voter's ballot in the ballot box.

▪ Voters with Vision Impairments

Each polling place in the County displays voting instructions in large type. Magnifying devices are also available for voters who may have difficulty reading the ballot. Pollworker assistance is always available.

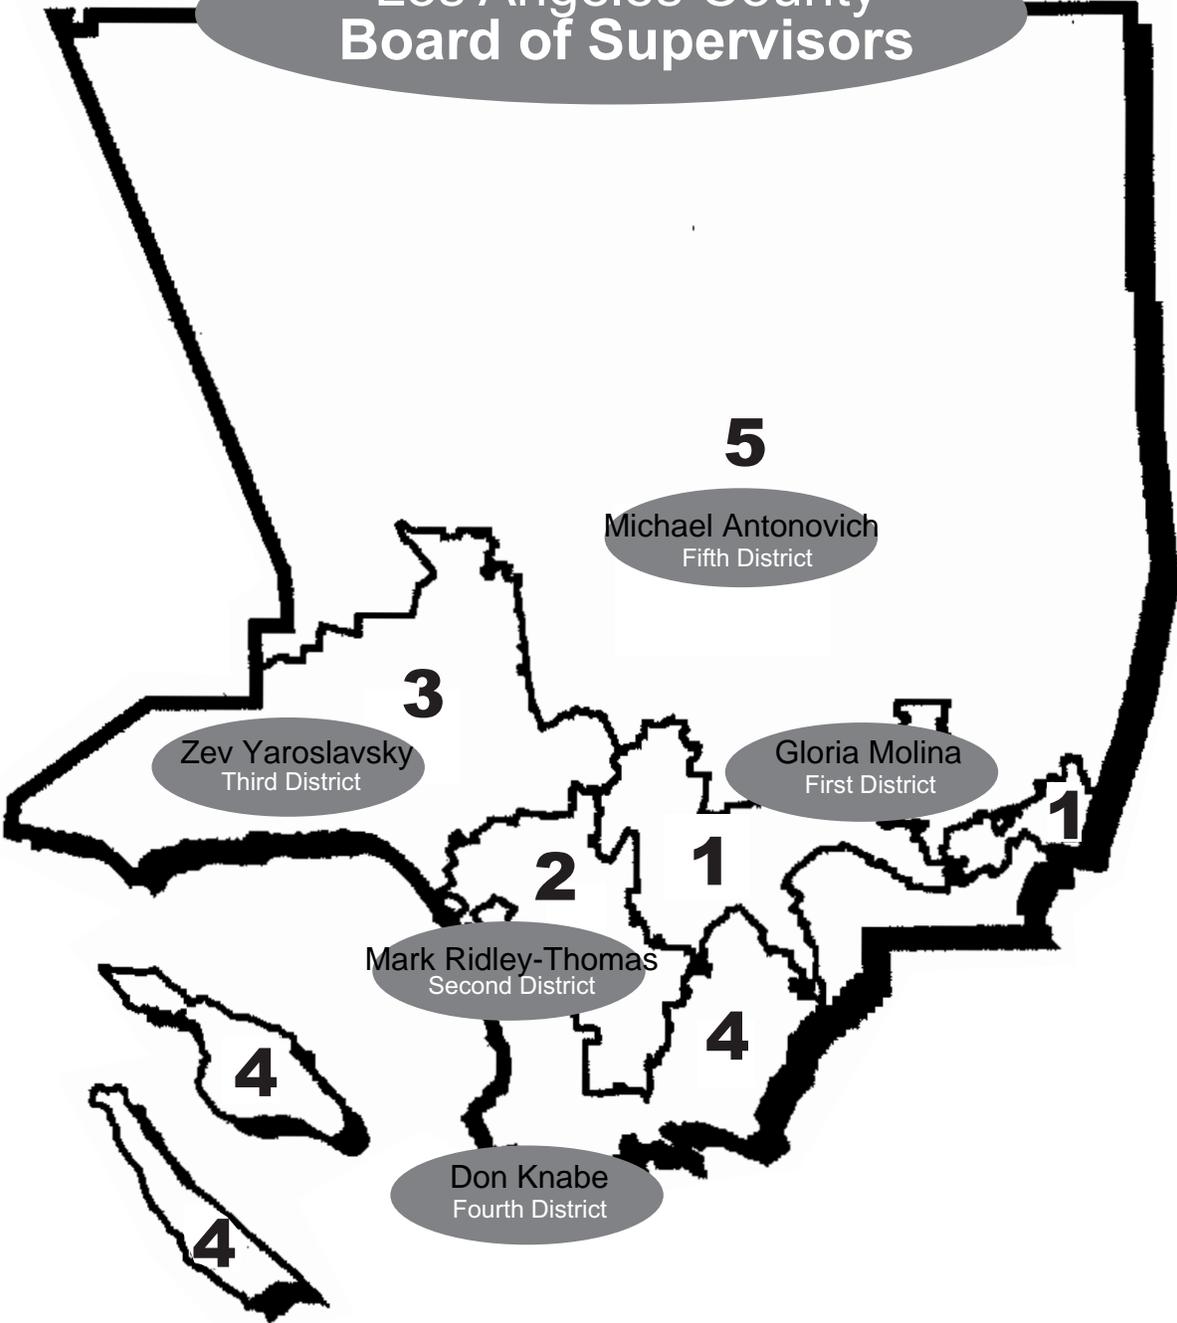

▪ Marking Devices

A special marking device with a large ball for easy gripping is available at every polling place in Los Angeles County. This marking device allows persons who are unable to grasp the regular voting device to more easily mark the ballot and accurately cast their vote.
